

Mt. Diablo High School Class of '58

The photo Album turned out absolutely great. Kimi and I have viewed it on line and can tell, although we are waiting for our first printed copy. I will be receiving a few printed copies on Tuesday and am very anxious to see them. We were really fortunate to get so many marvelous photos, including all those individual photos taken by our photographer in addition to the other many other photos he took. Kimi and Karen McAvoy Sullivan also took many good photos that are included.

The album is 62 pages long and will be hard bound, with glossy pages, and absolutely top quality. In addition, every single picture is captioned to tell you who is pictured. I am sure you will find it a valuable keepsake that you will treasure forever, and so will your children.

When I first completed the album and checked out the price, I was floored because it was \$137 per album (which tells you something about the quality), but I negotiated a bulk rate discount with Shutterfly of \$54.00 plus mailing costs of \$3.00, totaling \$57.00. The catch is that I have to prepay no less than 10 at a time in order to get this rate. There is no limit to how many we order between now and November 30. My plan is to place orders for every time I get payments for 10 albums.
